## MARK DAVIDSON PROVES THAT WHAT HAS BEEN TAUGHT ABOUT THE END-TIMES IS WRONG

Davidson debunks traditional teaching on the identity of the Antichrist and reveals four events leading up to the Tribulation in **Daniel Revisited** (January 2016 from Thomas Nelson).

(Nashville, Tenn.) – The extensive unrest in the Middle East has caused many Christians to wonder why unfolding news doesn't converge with what they know about the end times; could they be missing something?

Mark Davidson, by studying the ancient book of Daniel, has detected distinct events or “signposts” leading to the emergence of the Antichrist and the start of the Tribulation, revealing them in a new book from Thomas Nelson.

***Daniel Revisited: Discovering the Four Mideast Signs Leading to the Antichrist*** (Thomas Nelson, 9780718081133, \$14.99, January 2016), confronts old assumptions about prophecy by showing how documented ancient and medieval history shines a light on the simplest reading of every verse in prophetic Scripture, and connects Scripture to current events. This is a daring, comprehensive study that makes the case that the Antichrist will

be Muslim, predicts events leading up to the Tribulation, and teaches readers how to prepare for the approaching events. Davidson coherently presents the four events leading up to the Tribulation including:

- Iraq's government being changed to a democracy (already occurred),
- The invasion of the whole Middle East by Iran,
- A future Sunni confederacy, and
- The Antichrist's rise to power step-by-step.

“*Daniel Revisited* helps us understand what is to come so when we see it we can keep calm and focus on sharing the good news of the gospel--especially when the world seems to be crashing down around us,” said Pete Nikolai, publisher of Nelson's WestBow Press imprint.

In [\*Daniel Revisited\*](#), Mark Davidson shows how ancient and medieval history shine a light on Daniel chapters 2 and 9 so that readers can understand what God is really trying to tell them through His word.

“The events going on in the Middle East, depending on the specific nation and event, have a specific place in the train of events leading up to Christ’s coming and by knowing these events you will know how close we are to Christ’s return, and when to expect – and not expect – the appearance of Antichrist,” said Mark. “The message of the signposts is not a Bible code, but it is a plain reading of scripture. It is not new revelation for it has always been there in Daniel.”

Readers praise the insight of *Daniel Revisited*, calling it “courageous,” “clearly written, great exegesis,” and saying that “since reading the book (they) have looked at the world with different eyes.” With relevant writing and compelling information, *Daniel Revisited* is sure to captivate readers of all backgrounds and dare them to see world events in a whole new light.
