Go online read or watch the news and you'll be seeing biblical prophecy fulfilled. Mark Davidson helps us understand how today's headlines and biblical prophecy fit together like a hand in a glove. His new approach in "Daniel Revisited" may take some getting used to, looking at things from another viewpoint. Time will tell, the second signpost is almost before us. A must read for anyone looking forward and asking the question "God how does all this come together?"  
—J. H. Pilcher

Clearly written, great exegesis. as good Bereans, we should be reading this. The Prophecies of Daniel in the Old Testament should be such an integral part of our study of God's Word especially concerning 'End Times' events.

Rarely have I found a book, since Joel Richardsons', that I felt compelled to read a second time through. Since reading this book I have looked at the world with different eyes. I have read the Bible verses that Mr. Davidson quotes, including the verses above and below for context, and have not found him to be wrong at any point. I believe the Holy Spirit has, indeed, given Mr. Davidson a true understanding of the book of Daniel and Revelations. Further confirmation of his insight can be seen daily in the news. I thank you, Mr. Davidson, for your courage and conviction in writing this book, Daniel Revisited.
